Zimmer, based in Warsaw, Indiana, is a global leader in the design, development, manufacturing and marketing of orthopaedic reconstructive implants and fracture management products. Orthopaedic reconstructive implants restore joint function lost due to disease or trauma in joints such as knees, hips, shoulders and elbows. Fracture management products are devices used primarily to reattach or stabilize damaged bone and tissue to support the body's natural healing process. Zimmer also manufactures and markets other products related to orthopaedic and general surgery. Zimmer was founded in 1927 and has more than 3,500 employees worldwide. For the year 2000, Zimmer recorded worldwide revenues of more than \$1 billion. Zimmer became an independent, publicly traded company on August 7, 2001, when it was spun off from Bristol-Myers Squibb.
