Zimmer Biomet to Unveil New Clinical Data and Portfolio of Innovative Technologies at AAOS 2021 Annual Meeting

Aug 17, 2021

-- Podium Presentation to Showcase Smart Knee for Total Knee Replacement --

-- Podium Session and Posters to Highlight Data Evaluating Clinical Utility and Value of mymobility® with Apple Watch® Remote Care Management Platform -

-- Exhibit Booth to Feature Interactive Experiences with ROSA® Robotics and Other Components of ZBEdge™ Connected Intelligence Suite --

WARSAW, Ind., Aug. 17, 2021 /PRNewswire/ -- Zimmer Biomet Holdings, Inc. (NYSE and SIX: ZBH), a global medical technology leader, today announced six data presentations at the American Academy of Orthopaedic Surgeons (AAOS) 2021 Annual Meeting scheduled to be held on August 31 to September 3 in San Diego. The accepted data include a podium presentation showcasing Persona IQ®, the Company's investigational smart knee implant developed in partnership with Canary Medical and currently under review by the FDA, and three posters on the clinical utility and value of Zimmer Biomet's remote care management platform, mymobility® with Apple Watch®.

"We are excited to share new data and showcase the newest additions to our innovative and comprehensive portfolio of products and technologies designed to restore mobility and transform the patient experience," said Ivan Tornos, Chief Operating Officer of Zimmer Biomet. "This year, we're proud to preview our investigational smart knee implant, alongside ROSA Hip, which is currently under review by the FDA for robotically-assisted anterior hip replacement. ROSA Hip and Persona IQ, once cleared, will be featured as a part of our ZBEdge Connected Intelligence suite of integrated digital and robotic technologies."

Following are the details of the scheduled data presentations at AAOS 2021:
