Zimmer Holdings, Inc. (NYSE: ZMH; SWX: ZMH) today reported financial results for the quarter ended June 30, 2008. The Company reported second quarter net sales of \$1.08 billion, an increase of 11% reported and 5% constant currency over the second quarter of 2007. Diluted earnings per share for the quarter were \$0.99 reported and \$1.03 adjusted, an increase of 5% adjusted over the prior year period.

"During the quarter, our worldwide knee sales grew by 10% constant currency as we continue to expand our industry-leading knee business by offering surgeons a comprehensive portfolio of proven designs and innovative new treatment options," said David Dvorak, Zimmer President and CEO. "We are making substantial progress on our operating and infrastructure initiatives, in a manner designed

to position Zimmer for sustainable growth in an expanding health care market. We have also been executing plans under our enhanced compliance model, including holding numerous productive meetings with surgeons to discuss how we will continue to collaborate to improve patient care."

The Company resumed Zimmer Institute training activities, which will support the ongoing launches of several key products, including the Zimmer(R) NexGen(R) LPS-Flex Mobile Knee, the Gender Solutions(TM) Natural-Knee(R) Flex and the Gender Solutions(TM) Patello-Femoral Joint System in knees. Hip products include the VerSys(R) M/L Taper Hip with Kinectiv(TM) Technology and the Fitmore(TM) Hip stem. Absent any unforeseen events, the Company anticipates FDA clearance to market the EPOCH(R) Gender Solutions Hip during the second half of the year.

During the quarter, the Company utilized \$276 million of cash and \$220 million in borrowings to acquire 6.9 million shares. The Company completed its \$1 billion stock repurchase program, which was scheduled to expire on December 31, 2008, and initiated the \$1.25 billion repurchase program announced earlier in the year. Since its first repurchase program in 2006, Zimmer has used nearly \$2 billion in internally generated funds to acquire more than 10% of its shares that were outstanding as of the end of 2005.

Net earnings for the second quarter were \$227 million on a reported basis and \$237 million on an adjusted basis, an increase of 1% adjusted over the prior year period. Operating cash flow for the second quarter was \$281 million. Net earnings for the first six months of 2008 were \$466 million on a reported basis and were \$481 million on an adjusted basis, an increase of 2% adjusted over the prior year period.

Durom Acetabular Component

Zimmer is temporarily suspending marketing and distribution of the Durom(R) Acetabular Component (Durom Cup) in the U.S. on a voluntary basis, while the Company updates labeling to provide more detailed surgical technique instructions to surgeons and implements its surgical training program in the U.S. The Durom Cup will continue to be marketed without interruption outside the U.S.

While many surgeons have had success implanting the Durom Cup since it was launched in the U.S. in 2006, a subset have reported cup loosenings and revisions of the acetabular component used in total hip replacement procedures. These results contrast with product experience in Europe, where postmarketing data continue to show excellent clinical outcomes since the product launched in 2003. Following a comprehensive review of clinical experience and product conformance to specifications in the U.S. and Europe, Zimmer has found no evidence of a defect in the materials, manufacture, or design of the implant. The Company has identified that surgeons who regularly achieve the desired outcome with the Durom Cup consistently execute crucial technique steps and place the cup in a specific manner. Following its review, Zimmer has determined that revised surgical technique

instructions and a surgical training program are required to more consistently achieve desired clinical results in the U.S. The Company has shared its review and conclusions with the U.S. Food and Drug Administration and will continue to update the Agency.

While the Company believes the likelihood of currently implanted patients requiring revision is low, Zimmer has sent a letter to U.S. surgeons advising them to stop implanting the Durom Cup, until the updated labeling is issued providing more detailed surgical technique instructions and they receive training. Additional information is being made available at www.zimmer.com.

Guidance

The Company is revising its guidance and expects full-year 2008 sales growth to be in a range of 8.5% to 9.0% over the prior year, which reflects constant currency growth of 4.5% to 5.0%. This compares with prior guidance of 10% to 11% reported and 6% to 7% constant currency growth over prior year. The adjustment to sales guidance includes a projected loss of \$20 to \$30 million in hip product sales pertaining to the Durom Cup in the U.S., weakness in U.S. Dental revenues and slower than anticipated uptake on certain new products. Adjusted diluted earnings per share for the full year are expected to be in a range of \$4.05 to \$4.10, as compared to prior guidance of \$4.20 to \$4.25. Revised earnings guidance gives effect to the reduction in sales from prior guidance as well as an increase in operating expenses associated with the global implementation of the Company's enhanced compliance program. Further details regarding the revised guidance will be discussed during tomorrow's investor conference call.

Conference Call

The Company will conduct its second quarter 2008 investor conference call tomorrow, July 23, 2008, at 8:00 a.m. Eastern Time. The live audio webcast can be accessed via Zimmer's Investor Relations website at http://investor.zimmer.com. It will be archived for replay following the conference.
