Zimmer to Combine with Biomet

Zimmer also announced today that it has entered into a definitive agreement to acquire Biomet in a cash and stock transaction valued at approximately \$13.35 billion, including the assumption of net debt. Please refer to the separate joint press release issued by Zimmer and Biomet today for additional details regarding the transaction.

Guidance

The Company reaffirmed its full-year revenue and updated earnings guidance for 2014. Full-year revenues are still expected to increase approximately 3.0% to 5.0% on a constant currency basis from 2013. The Company continues to estimate that foreign currency translation will decrease revenues by approximately 0.5% for the full year, resulting in reported revenue growth between 2.5% and 4.5%.

The Company's earnings guidance has been updated to give effect to a change in the anticipated number of diluted weighted average shares outstanding for 2014. The number is expected to be higher as a result of the discontinuation of previously guided share repurchases ahead of the announced transaction with Biomet. The Company now expects full-year 2014 diluted earnings per share to be in a range of \$4.90 to \$5.10 on a reported basis and \$6.00 to \$6.20 on an adjusted basis with the higher average shares. Prior guidance for full-year 2014 adjusted diluted earnings per share was \$6.10 to \$6.30. Consistent with the prior guidance, adjusted diluted earnings per share exclude estimated charges for inventory and manufacturing related expenses, quality and operational excellence initiatives, and special items of \$250.0 million on a pre-tax basis, or approximately \$1.10 per diluted share, on an after-tax basis. Additional costs connected to the pending transaction with Biomet which are not estimable at this time, shall also be excluded from the adjusted earnings measure.
