Zimmer Biomet Named Indo UK Institutes of Health Medicities Program's Preferred Orthopaedic Partner to Improve Delivery of Care in India

Nov 22, 2016

WARSAW, Ind., Nov. 22, 2016 /PRNewswire/ -- Zimmer Biomet Holdings, Inc. (NYSE and SIX: ZBH), a global leader in musculoskeletal healthcare, today announced that the Company has been chosen as an Indo UK Institutes of Health (IUIH) preferred orthopaedic partner to improve the delivery of and access to quality, affordable musculoskeletal healthcare for approximately 400 million people in India over the next 20 years through IUIH's 11 centers of excellence ("Medicities") to be created in major states across the country. IUIH Medicities will offer patients throughout India and abroad access to world-class services and clinical expertise in a modern, technology-led hospital. In addition, each Medicity will establish a medical college, nursing college, post-graduate training center, global standard research and development center and medical manufacturing facilities. The partnership was announced by the IUIH Medicities Program at the India-UK Technology Summit inaugurated by the Prime Minister of India, Narendra Modi, and the Prime Minister of the UK, Theresa May. The UK Secretary of State for International Trade, Dr. Liam Fox, chaired the roundtable that announced the partnership.

"At its one-year anniversary, the IUIH Medicities Program is delighted to announce Zimmer Biomet as a preferred orthopaedic partner for the next two decades," said Ajay Rajan Gupta, M.D., Group Chief Executive Officer of IUIH. "IUIH shares Zimmer Biomet's commitment to improve the quality of life for patients around the world. This partnership demonstrates a significant step toward achieving our vision to transform the delivery of quality healthcare and medical education services across India."

The newly created partnership between IUIH and Zimmer Biomet delivers value throughout the orthopaedic care continuum. Total Zimmer Biomet commitments to the program include an equity investment in UK Global Healthcare Limited (UKGH), the parent organization for IUIH; the supply and distribution of quality large joint implants, trauma products and small fixation devices for replacement surgery; the implementation of the Rapid Recovery and Theatre Care Rapide programs to optimize

patient-focused processes and protocols in the hospitals and operating rooms across the 11 Medicities; and the establishment of the Zimmer Biomet Institute of India, a state-of-the-art medical training and education facility. In addition to the opportunity to improve patient outcomes, the efficiencies created through the long-term partnership are expected to significantly contribute to the delivery of affordable care in India by reducing the total cost of orthopaedic care by approximately 25 percent.

"Zimmer Biomet is proud to be chosen as a preferred orthopaedic partner for the IUIH Medicities program," said David Dvorak, President and CEO of Zimmer Biomet. "This long-term commitment demonstrates an unprecedented level of partnership between a forward-looking healthcare provider and a leading musculoskeletal healthcare company, putting transformational patient care and exponential value creation within reach."

About Zimmer Biomet

Founded in 1927 and headquartered in Warsaw, Indiana, Zimmer Biomet is a global leader in musculoskeletal healthcare. We design, manufacture and market orthopaedic reconstructive products; sports medicine, biologics, extremities and trauma products; office based technologies; spine, craniomaxillofacial and thoracic products; dental implants; and related surgical products.

We collaborate with healthcare professionals around the globe to advance the pace of innovation. Our products and solutions help treat patients suffering from disorders of, or injuries to, bones, joints or supporting soft tissues. Together with healthcare professionals, we help millions of people live better lives.

We have operations in more than 25 countries around the world and sell products in more than 100 countries. For more information, visit www.zimmerbiomet.com or follow Zimmer Biomet on Twitter at www.twitter.com/zimmerbiomet.

About Indo UK Institutes of Health

On November 12, 2015, the Indian and British Prime Ministers signed a historic Health Collaboration Agreement for the establishment of the Indo UK Institutes of Health (IUIH). The IUIH is a Private Public Partnership (Indo UK partnership) that is linked to the Indian Government's Smart Cities programme and aims to build 11 IUIH "Medicities" along with 89 Indo UK Clinics (IUCs).

The IUIH facilities' global operations and research expertise will be supported by collaboration with the UK National Health Service (NHS) and partnerships with leading international healthcare industry companies and international partners in research, education, manufacturing and healthcare delivery.

The vision is to develop fully integrated healthcare that is Affordable, Available and Accountable.
