

Zimmer Announces Settlement of Federal Investigation

Sep 27, 2007

WARSAW, Ind., Sept 27, 2007 /PRNewswire-FirstCall via COMTEX News Network/ -- Zimmer Holdings, Inc. (NYSE: ZMH; SWX: ZMH) today announced that it has settled with the U.S. Attorney's Office in New Jersey an ongoing federal investigation into its financial relationships with consulting orthopaedic surgeons. Under the terms of the settlement, Zimmer entered into a Deferred Prosecution Agreement, will pay a civil settlement amount of \$169.5 million and will be subject to oversight by a federal monitor appointed by the U.S. Department of Justice for 18 months. Zimmer did not admit any wrongdoing, plead guilty to any criminal charges or pay any criminal fines as part of the settlement. Also, the government has agreed not to pursue any criminal charges against the Company if it complies with the Deferred Prosecution Agreement. As part of the federal settlement, the Company is also entering into a five-year Corporate Integrity Agreement with the Department of Health and Human Services' Office of the Inspector General. It is Zimmer's understanding that the four other orthopaedic companies involved in this matter have also entered into resolution agreements. The Company expects to record an expense of \$169.5 million in the third quarter in connection with the settlement.

According to Zimmer President and CEO David Dvorak, "We believe this resolution is in the best interest of our stockholders and we are pleased that the settlement preserves our ability to collaborate with physicians to enhance patient quality of life. Importantly, the resolution agreements clearly define how we and our key competitors will interact with physician collaborators, thereby establishing a standard of conduct across the industry. We believe that Zimmer is well positioned to abide by the requirements of the settlement due to our current Corporate Compliance Program, which we began developing in 2004 and implemented in 2005. U.S. Attorney Christopher J. Christie has acknowledged that Zimmer's current Program already addresses many of the compliance related requirements that are contained in the agreements with the orthopaedic companies."

The investigation began in March 2005 when Zimmer and four other orthopaedic companies received subpoenas from the U.S. Department of Justice through the U.S. Attorney's Office in Newark, New Jersey, seeking information pertaining to consulting contracts, professional service agreements and

other agreements by which remuneration is provided to orthopaedic surgeons. Zimmer cooperated fully with the federal authorities throughout the investigation and settlement process.
